We invite you to the most important meeting of the OHS industry – SAWO 2026 Trade Fair

On 14–16 April 2026, the next edition of the SAWO International Trade Fair of Work Protection, Fire-Fighting and Rescue Equipment will take place. SAWO is the largest event for the OHS industry in Central and Eastern Europe.

The SAWO Trade Fair is a unique platform for showcasing modern technologies used in specialist rescue services and the occupational health and safety sector. The event promotes the protection of life and health in the workplace and supports the implementation of innovative solutions that increase safety and working comfort. It is also a space for the exchange of experience in the fields of occupational safety, ergonomics, rescue services, fire protection and related areas.

Innovations, knowledge and live demonstrations

Visitors will have the opportunity to explore the latest solutions from Polish and international manufacturers of equipment and systems related to safety, health and work protection. Fair participants will also be able to attend numerous industry conferences, during which experts will share practical knowledge. The event programme will include rescue demonstrations as well as presentations of best practices and modern personal protective equipment.

SAWO thematic scope

The fair covers a wide range of products and services for occupational safety and rescue, including:

- personal protective equipment (respiratory, eye, hearing, head, hand, leg and skin protection),
- protective and workwear, fall protection systems, first aid equipment,

- collective protection systems (protection against noise, explosions, radiation and electric shock),
- fire protection and fire-fighting systems,
- specialist equipment for rescue services, including chemical, high-altitude and road rescue equipment, fire-fighting vehicles and communication systems.

Who should not miss SAWO?

- occupational health and safety and fire protection professionals,
- installers and service technicians of safety systems,
- firefighters,
- sales representatives and distributors of protective equipment.

Why visit the SAWO Trade Fair?

- Meet industry leaders – manufacturers and distributors from Poland and abroad,
- Discover the latest solutions and technological innovations in OHS and rescue services,
- Establish valuable business and partnership contacts,
- Exchange knowledge and experience with experts and practitioners from various sectors.

SAWO 2026 is an event that brings professionals together, inspires the adoption of new technologies and focuses on workplace safety. It is a knowledge-sharing platform for everyone who wants to stay up to date with trends in occupational health and safety, fire protection and rescue services.
